River Plantation Subdivision Residents,

Adcock Pest Services is offering your subdivision a special on our termite services. We have serviced a home in your subdivision within the last week that had live termite activity in the home. We have several customers in your subdivision including your HOA President, Al Tong. He wanted to share with his neighbors the great pricing that he had with his service. Most of your homes have never had a liquid treatment because the builder put the monitors in instead, making them very vulnerable to termites and damage. We will install a liquid Termidor treatment around your home **and include** the 1st years warranty with it for a total of **\$550.00**. This treatment can be renewed for 9 years, after this first year, as long as it is renewed each year at \$185.00 for the repair bond or \$115.00 for the retreat bond. This price will reflect any and all discounts and/or coupons that can be applied. We will accept the following forms of payment: Cash, Check, Discover, Visa, and Mastercard. You can contact our office at 770-345-7700. Please mention your subdivision and we will go ahead and schedule your appointment while we have you on the phone.

Adcock Pest Services has been in business for 12 years in Cherokee County. The owner was with Sears Termite and Pest Control for 13 years before coming home and starting his own business. If you would like to check out our website, you can learn more about us at adcockpest.com.

Thank you for your time
